Subject: support for sport plans

Date: Wed, 11 Jun 2008 14:18:42 +0100

APPENDIX 3

The school completely supports plans to implement a multi sport ground with weather surfacing. If such a facility were to be available, I could foresee that it would be useful to the school most especially during the school day in Autumn and Spring.

It may also be great for after school club activities to use i.e 3.15-4.15 p.m. but this wouldn't be many days per week.

I confirm that from the school's perspective, positioning of the facility on the field would be best. However, if there could be access directly to the Westwoods position with a bridge over the river at Eastington Road, this would be just as good for us!

This sounds like a great idea and I am sure that it would be of benefit to the school children as well as the whole community.

Thank you.

Deb Harris

headteacher

Any future plans to rebuild or update the Sports and Social Building would also be of great benefit to the outlook of the school.
