

Funded Public Transport Consultation

Evening Events

The county council is seeking views on how it prioritises the funding available for public transport. As part of this consultation, options are presented for changes to some local bus services.

The consultation is available online at www.gloucestershire.gov.uk/fundedtransport and paper copies are available from libraries for those unable to access the online questionnaire.

Engagement evenings will be held across the county. The evenings will explain the thinking behind our Funded Public Transport Consultation and include some workshop activity to help identify local public transport needs.

If you would like to join us, please email victoria.powell@gloucestershire.gov.uk to confirm your attendance.
