

## Northleach Cemetery - Memorial Safety

Tuesday, 12 April 2022

Memorial Safety Inspections in Northleach Cemetery were completed recently, and a number of unstable memorials were identified. Those requiring urgent repair have been marked with a notice and yellow stake. Memorials belong to the rights holder of the grave. We would like to contact those owners so they can arrange to repair the memorials, but unfortunately the addresses we hold are out of date. If you are the owner of one of the affected memorials or a relative of the deceased, then please contact us as a matter of urgency on [admin@northleach.gov.uk](mailto:admin@northleach.gov.uk). Where the owners do not come forward, memorials will be laid flat for safety. A list of memorials affected is given.

**PLEASE NOTE:** Permission is required from the Council as burial authority to install, maintain, or alter any memorial in Northleach Cemetery. All repairs must be undertaken by a competent and insured memorial mason and any refixing of memorials must comply with current British Standards. Cont...

The inspection also identified memorials with loose fixings. Although they are not at immediate risk of toppling, the owners may wish to have them refixed. Please contact the Council for further information: [admin@northleach.gov.uk](mailto:admin@northleach.gov.uk).
